

ROSE CHARLES

THE ACTIVE SENIOR

“The quality of life is more important than life itself”

Rose enjoys her life. She worked in finance over 30 years, recently retired. She loves to hang out her ex-colleagues, joins book club, involved with opera as a volunteer. She is relaxed, and open minded. She takes a walk with her dog every morning. After breakfast, check on papaers and send text to her friends. She does a lot of activities, and one of favorite is yoga. She is looking for her personal trainer to keep her motivation up.
